

Dear wadoka,

With sincere regret we inform you that, due to personal reasons beyond his control, Kiyomi Sasaki sensei has just informed us that he can no longer come to Italy, as previously promised, for the seminar on November 19, 20 and 21, 2021.

However, both the seminar and the exam session up to 5th dan will be held regularly on the days and times previously set, under the guidance of Shinji Kohata sensei, 7th dan JKF, with the help and support of Roberto Danubio sensei, 7th dan JKF.

Please consider that this variation is independent of our will and is due to circumstances that were not foreseeable.

For the sake of fairness, anyway, we inform you that, under an explicitly request, we will refund the amount of the participation fee of 70 euros for those who no longer want to participate.

Of course, we are confident that you will confirm your presence at what is still an important international seminar and we hope we'll train together at the Wadokai Masters in Rome, which is an opportunity to restart the Wadokai karate in Europe after the long pandemic break.

Thank you very much for your understanding and cooperation.

The **WkSI** staff
